To remind you

MEMORANDUM FOR: Project Director of Operations Project Security Officer
 Project Director of Administration Project Communications Officer
 Project Director of Materiel Project Comptroller
 Project Contracting Officer Project Personnel Officer

SUBJECT : Project History

- 1.
1. In an effort to document the history of Project AQUATONE, Mr. Bissell has asked me to begin a collection of data of Project events so that an accurate, condensed summary record will be available on AQUATONE.
2. It is, therefore, requested that the addressees of this memorandum submit to the undersigned by 15 November those details in their department of responsibility which they consider of historical Project importance; that is, facts, figures, dates, policy procedures established, notable incidents, crises, flaps, etc. If charts, graphs, data sheets, or summary of figures are needed, they should be submitted. Appendices of Operations or Administrative Orders should not be included, but rather a summary of such should be mentioned. The narrative form may be used but it should be condensed.
3. These submissions, although not final, will serve as a basis of organization for any such final report once the Project is terminated.
